1 VEEAM-VBR

The following section provides an overview of the implemented components of Veeam Backup & Replication.

1.1 Cloud Connect

The following section provides information about Cloud Connect components from server veeam-vbr.pharmax.local.

1.1.1 Service Status

The following section provides information about Cloud Gateways SSL Certificate.

| | |
|------------------------|-----------|
| Server Name | VEEAM-VBR |
| Global Status | Active |
| Service State | Normal |
| Service Response Delay | 259006 |
